

Floral Design 2 – Floral Supply List

Note: We recommend shopping for your floral material in two trips, combining modules 1-3 and 4-6, respectively. Some designs in these modules will use the same materials as other designs, so please read through the shopping list before purchasing. Please let us know if you have any questions.

The hard goods required for all six designs are listed on the last page of this document.

Selecting flowers can be a joyous and mindful act — happy shopping!

MATERIAL	QUANTITY
Module 1
