Science Series: Longwood's Legacy of Sustainability: Past, Present, and Reimagined

1 pm

Longwood has a long history of implementing sustainable practices, from prioritizing water conservation, to reducing our carbon footprint, to reducing waste by reusing or recycling materials into new products. Join Associate Director of Science Communications Jessica Turner-Skoff for an exploration of the past, present, and future of our sustainability initiatives, especially as they relate to the design and realization of *Longwood Reimagined*.
