Recipe

Kerry Ann’s Kick-A-Cold Rose Hip Bread

Ingredients
- Makes 2 12”x 9 3/4” pans
- 4 cups “Lots of Pulp” orange juice
- 2 cups chopped cranberries (dried cranberries)
- 4 cups seeded, cooked and chopped rose hips (see instructions about how to prepare)
- 16 Tablespoons (2 sticks) softened butter
- 4 teaspoon vanilla
- 4 eggs, beaten
- 6 cups mixed flour (1 cup flax flour, 2 cups oat flour, 3 cups whole wheat flour = total 6 cups)
- 4 cups cane sugar
- 4 teaspoons baking powder
- 2 teaspoons baking soda
- 1 cup chopped raw sunflower seeds
- 1 cup chopped raw pumpkin seeds
- Prep Time: 10 minutes (after seeding rose hips)
- Cook Time: 50-60 minutes

Preparation
Rose Hips: Use fresh rose hips. Remove each hip’s two ends and cut in half. Remove seeds and as much “hair” from inside. Rinse well in cold water. In a NON METAL or enameled coated pot, cover rose hips with cold water and bring to a boil. Reduce heat and simmer for 10 minutes or until hips are soft. Strain but save water as this is a lovely rose hip tea that can be enjoyed warm or cold after filtering a second time through a coffee filter. Use hips while they are still warm.

In a large bowl, mix the orange juice, chopped cranberries, chopped warm rose hips, soft butter, vanilla, and eggs. In a second bowl, sift together dry ingredients not including seeds. Mix the two bowls together until well blended. Gently stir in chopped seeds.

Pour batter into well-greased pans and bake at 350 degrees F for 50 minutes to one hour.
